

Our new custom sublimation program allows you to create a customized look on our professionally-designed uniforms. We have 6 different uniform styles to choose from in pre-established font options.

We will email you one initial free mock-up for review and approval within 24-48 hours of receiving your artwork request. If you have your own logo, please email it to us as an Illustrator vector line art or a PDF.

**Simply follow the below steps and we'll take care of the rest.**

1. Select your uniform style and if you want a 2-ply reversible uniform or 1-ply home & away game uniforms (non-reversible)
2. Tell us your team name
3. Tell us your team colors by choosing from the below color palette. Please state your colors by 1) Primary color, 2) Secondary color, and 3) Accent color if used. For example, if your team colors are Orange/Black/White, simply put down 1) Orange 2) Black 3) White.
